Stiftung MittagsKinder – “Thank you” letter

Dear Mr. Budelmann, dear Mr. Davies, dear Mr. Niemann, dear Mr. Dannenberg,

It is with great pleasure that I yesterday accepted the donation cheque for € 25,000 from the BerenbergKids team. The sum is of great help to us in covering the substantial personnel costs that arise in the care for “our” children. As you are aware, these costs are significant as we employ only skilled staff from the professional category of social education workers. We have, for instance, hired a young male social education worker this week who will be working in children centres in Neuwiedenthal and Kirchdorf-Süd. We are happy that the children will therefore for the first time have also a male role figure among those caring for them. Besides the general tasks in the field of social education, he will particularly focus on musical education and football projects.

Let me take this opportunity to express once again on behalf of our foundation board, our great recognition for the outstanding social commitment that is reflected in BerenbergKids. The employees of this well-known Private Bank undertake demanding professional tasks at work and then in their spare time come together to campaign continuously for socially disadvantaged children. This requires a great deal of social responsibility and, from our point of view, sets an example for society, reaching beyond the borders of Hamburg. We very much hope that you will receive appropriate credit for this from a competent third party in the future.

A cooking project has been arranged for December with the children within the framework of BerenbergKids which has been initiated by Mr. Carsten Wagner from your IT department. The project will be carried out on 13th and 14th December at our children’s centre in Kirchdorf-Süd with approximately 30 children in total. We intend to take this opportunity to further convey our principal topic of a healthy diet and will therefore also involve from our side, Dr. Corinna Herrmann, a medical practitioner. As a specialist, he offers nutritional advice to our staff and the children on a voluntary basis.

With our thanks and best regards,

Susann Grünwald-Aschenbrenner
(Chairwoman of the Board of the Foundation)
